Join us in Architecture Room 103* for an inspiring lecture with Gil Peñalosa, who will share his passion for creating vibrant cities and livable communities for everyone regardless of age, gender and social, economic, or ethnic background. A one hour Q&A with students will follow.

Gil's team led the “new Ciclovia”/Open Streets - a program that sees over 1.5 million people walk, run, skate and bike along 121 kilometers / 76 miles of Bogotá’s city streets every Sunday, and today is internationally recognized and emulated.

“Parks, walking, biking, transit ... are the means. Successful cities where people will be healthier and happier are the end.”

Gil Peñalosa
